

WITLEY NEIGHBOURHOOD PLAN UPDATE

INCREASED HOUSING ALLOCATION FOR WITLEY PARISH

In their revised Local Plan, Waverley Borough Council (WBC) has increased Witley Parish's allocation of homes to be built by 2032 from **380 to 480**.

This includes the **180 homes** that WBC is proposing to build at **Milford Golf Course**. At a recent meeting with WBC, we were informed that despite concerns raised by us, the Parish Council and other parties over the suitability of this site, they intend to proceed with it. **Any concerns about this development should be directed to the Planning department at WBC.**

The Steering Group is now engaged with the process of determining which of the other sites that were put forward by land owners in the parish in the recent call for sites should be considered for future development. This will be based on the feedback from residents and approved planning criteria. Further public consultation will be held later in the year.

To find out more about the increased housing allocation go to www.waverley.gov.uk/localplan.
